Matthew Adamson
Albany, OR 97322 / matthewladamson@gmail.com / (541) 974-4745

Student attending the University of Oregon Full-Stack Web Development Bootcamp
JUL 2020 to Present
Currently studying full-stack web development with UO. The course teaches valuable skills such as HTML, CSS, Javascript, jQuery, Node.js, MySQL, React, and many more. I will be getting my certificate of completion at the beginning of 2021.

Freelance Creative Director and Graphic Designer, Albany, OR (Remote)
SEP 2015 to Present
Created and designed websites, logos, illustrations, and branding materials, for a variety of clients, and developed and improved marketing materials and strategies. Used front-facing technologies such as HTML, Bootstrap, CSS, and JavaScript.

Intelligence Specialist, Resolute Support Headquarters, Afghanistan
MAY 2017 to MAY 2019
CJ2X Counterintelligence Operations Officer serving as the primary point of contact for subject matter expertise, guidance and advice to Senior U.S. Military and Coalition leadership regarding counterintelligence operations and support to force protection within the Afghanistan Theater of Operations.

CI Analyst 2, CACI International Inc., Task Force ODIN, Afghanistan
MAY 2016 to MAY 2017
Lead CI Analyst directly supporting division-level CI requirements, inter-organizational CI analytical coordination, and production analysis. Assisted and advised organizational leadership in collection resources and collection planning for future force operations through the identification and mitigation of trends, patterns, and anomalies in insider threat, insurgent, or terrorist operational tactics and techniques against Coalition Forces.

Graphic Designer, GuideOn, Inc., Medford, OR (Remote)
DEC 2015 to MAY 2016
Collaborated with Creative and Design Teams to build and improve marketing materials, customer-facing interactive products, and design strategy, while staying on-brand and mission-focused. Built and maintained a library of design assets and resources.

Senior Special Agent, Combined Joint Special Operations Task Force, Afghanistan
MAY 2014 to JAN 2015
Planned, coordinated, and provided direction for CI operations in support of Special Operations teams. Managed and mentored Army CI Special Agents, CI Support Teams, and linguists in CI collections and operations. Supervised over 950 CI interviews and 600 biometric enrollments, identifying over 50 potential insider threats. Fostered critical relationships with Afghan counterparts in English and in Persian Dari.

Acting First Sergeant, 142nd MI (FWD), North Salt Lake City, UT
OCT 2013 to MAY 2014
Trained and mentored 32 US Army personnel as they prepared for deployment to Afghanistan in support of Special Operations Forces, coordinating and arranging group and individual training throughout. Monitored the day-to-day progress for individual soldiers and their families as they worked through the pre-deployment process.

Foundry Instructor, Army Operations Group, Draper, UT
AUG 2011 to JAN 2013
Trained and mentored hundreds of Active Duty Army and Reserve Component soldiers in Human Intelligence Collection courses and tasks. Planned, coordinated, and conducted training assignments independently and/or as a training team across the United States and Europe.

Team Leader, FOB Warhorse, Iraq
MAY 2010 to JUN 2011
Liaised with and mentored Senior Iraqi Military and Police Leadership forces. Trained and supervised training of dozens of Iraqi Police and Iraqi Army elements in Military Intelligence Tasks. Managed team and interpreter operations, team analysis, report writing, and report management.
